

WIPAC In-Person Activities

Effective June 2, 2021

We are revising the guidelines for returning to WIPAC at 222 West Washington based on the [campus guidelines for the summer of 2021](#). WIPAC policy will be updated as needed to be consistent with campus policy and procedures.

All people working and/or visiting WIPAC must:

- Have a green Badger Badge by getting tested with sufficient frequency or getting vaccinated ([report this to UHS if done off campus](#)), which turns your badge green permanently.
- Following the [University Policy](#) “Fully vaccinated people will no longer be required to wear face coverings in most indoor spaces on the UW–Madison campus.”
- Maintain 6-ft social distancing at all times.
- We are reviewing the use of the [Marauder's Map](#). Currently we are still requiring accesses to be reported and coordinated through the app, primarily now to help people assess the risk in planning accesses.
- Schedule conference rooms that are large enough to allow for social distancing as necessary for meetings(Black Hole: 5, Neutrino: 7, Supernova: 12 using seating along walls).
- Follow the [requirements from Fiore](#):
 - The building is open. Floor 5 requires a FOB.
 - Masks are still required in the building. More advanced filters and air purification is in place in the air handlers on each floor.
 - Only two ride in an elevator at a time.
- Continue to keep break rooms clean and ready for use by next person

Remote Work Policies

The University has issued a new [Remote Work Policy](#), effective August 1, 2021. WIPAC will be issuing center-specific guidance.
