

RWTHAACHEN UNIVERSITY

Thinking the Future.

Juniorprofessor (W1)
in Theoretical Astroparticle Physics and Cosmology
Faculty of Faculty of Mathematics, Computer Science and Natural
Sciences

We are seeking qualified applicants for teaching and research in the area of theoretical astroparticle physics. The starting date is January 1st 2016. Recognized expertise in theoretical astroparticle physics including dark matter models and the interpretation of cosmic rays is particularly welcome. The Junior professorship will be tenured (W2) after a successful evaluation.

You should have a completed university degree and a special aptitude for scientific work which is generally verified by means of an outstanding doctorate. Ability in and commitment to teaching are essential. German is not necessary to begin but will be expected as a teaching language within 5 years.

The application should include supporting documents regarding success in teaching.

Please send a cover letter stating research aims and a CV to: An den Dekan der Fakultät 1 der RWTH Aachen, Prof. Stefan Schael, 52056 Aachen. The deadline for applications is June 30th 2015.

This position is also available as part-time employment per request. RWTH Aachen University is certified as a family-friendly university and offers a dual career program for partner hiring. We particularly welcome and encourage applications from women, disabled people and ethnic minority groups, recognizing they are underrepresented across RWTH Aachen University. The principles of fair and open competition apply and appointments will be made on merit.
